PFW 3220 Flat display wall mount

The PFW 3220 flat display wall mount offers basic turning and tilting functionality, which reduces light reflection for the viewer. The PFW 3220 is a member of the PFW 3200 Series flat display wall mounts, which is the perfect solution for public flat panel display applications within retail, hotel and other industries. The PFW 3200 Series provide security against unauthorized display removal by using a discrete black padlock and security display screws with a special allen key. The stylish and high quality finished aluminum design matches any interior. This range comprises models with two, three or four pivot points for an optimal flexibility in display positioning.
